However, in the case of gross unsportsmanlike conduct, the fighter may be penalized with a minus point or be disqualified depending on the severity of the infringement.

### • **Victory by disqualification (DISQ):**

If a kickboxer is disqualified, their opponent will be declared the winner. If both kickboxers are disqualified, the decision will be announced accordingly. A disqualified kickboxer cannot receive any reward, medal, trophy, any honorary award, grade or title of the competition in the course of which they have been disqualified, no matter what the reason was for disqualification - scale of penalty or unsportsmanlike behaviour. Except in the case when the Board of Directors decides differently (in its absence, the decision may be made by the Appeal Board, or if none, by an official responsible for the event). Such a decision not taken by the Board of Directors may be, following a request, submitted to a review and confirmation of the Appeal Board itself.

### • **Victory by walk over (WO):**

When a kickboxer is present in the ring and ready to fight, and their opponent does not appear when announced three times by the loud speaker. After two minutes, the gong will ring and the Referee will declare the fighter who is present in the ring the winner by walk over. The Referee calls the kickboxer to the centre of the ring and raises their hand as the winner.

- **The 3 knock-down rule is valid.** This means that the fight will be stopped if a fighter has been knocked down three times in the same fight. The Referee declares the kickboxer winner after the 3rd knock down, counting up to ten.
- **In the age category “Younger Juniors” the 2 knock-down rule is valid.** This means that the fight will be stopped if a fighter has been knocked down twice (2 times) in the same fight.
- In all age categories knock downs should be counted as two points. If electronic scoring system is used, just one point will come from each judge and one from time keeper who obliged to push KD "button". If clickers are used, each judge is obliged to click their clickers twice (2 times) in case of KD. It does not matter what was the reason for counting down: punch, kick or kickboxer's behaviour.

## **Art. 4. Changing a decision.**

All public decisions are definitive and cannot be changed unless:

- Mistakes which occurred in calculating the points are discovered;
- One of the Judges declares they have made a mistake and switched the scores of the fighters;
- There are evident violations of WAKO rules.

The Chief of the ring will immediately handle all protests. After discussions, the representative of the WAKO Appeal Board will announce the official result.

## **Art. 5. Awarding of points/Score.**

In awarding points, the following rules must be respected:

A score must be awarded when a legal technique is performed to the following criteria to the legal scoring area.

1. Good Form (good technique with absolute balance).
2. Vigorous Application (full power and speed).
3. Awareness (total concentration and not turning away the head during delivery of the technique).
4. Good Timing and Correct Distance (when techniques have the most potential effect).
5. Sporting Attitude (non-malicious attitude during delivery of technique).

### **Art. 5.1 Directive 1 - concerning blows.**

During each round, a judge will mark the respective score for each Kickboxer, according to the number of blows that each one has received. To count a punch or a kick as a point it must not be blocked or stopped. The value of registered blows in a fight will be counted at the end of each round and granted to the better Kickboxer, according to his degree of superiority. Blows given by a Kickboxer will not be taken into account:

## **WAKO Rules Ring Sports Low**

### **Art. 5.2 Directive 2 - concerning offences.**

During each round a judge cannot penalize each offence they see, regardless of whether the Referee has noticed it or not. They have to call the Referees attention to that offence. If the Referee gives an official warning to one of the fighters, the Judges must note it, writing "W" on the FOULS column on the scoring paper, but that does not mean a minus point to the other fighter. When a Referee decides to give a minus point to a fighter, each of three judges will put a "-1" in the appropriate column. At the end of the round each judge will add three points to the final score of the other kickboxer (if judges use clickers and score cards).

### **Art. 5.3 Directive 3 - awarding points (Using Electronic Scoring System).**

For all legal techniques (punches, kicks or sweeping), clearly landed on legal targets with speed, focus, balance, power, the judge will once push a button of his mouse indicating the correct fighter (Red or Blue corner). Points, starting from the first round, will be continuously added from all judges and they will be seen to everybody through a screen which is placed on the jury's table.

At the end of the fight, the winner is the competitor who scored more points (which will appear on the screen). An effective technique delivered at the same time that the end of the bout is signalled, is considered valid.

If the referee inflicts a foul or a warning, they will indicate in front of the Chief referee and the timekeeper who has to put it in the electronic system. It will then be shown on the screen.

If the referee inflicts a minus point they will indicate so in front of the Chief referee and the timekeeper who has to put it in the electronic system. It will then be shown on the screens, reducing 3 point from the total score from each judge (total of 9 points).

The electronic system shows a running time score. In every moment of the fight everybody knows the situation of points.

#### **In case of a draw (Electronic Scoring)**

- If the match ends, by one or more judges, in a draw (equal points after 3 rounds), to determine a winner, the electronic scoring system will automatically assign the win to a fighter who scored the most points in the last round.

### **Art. 5.4 Awarding points (Using Clickers and Scorecards).**

For all legal techniques (punches, kicks or sweeping), clearly landed on legal targets with speed, focus, balance and power, the judge will give points to each fighter using the clickers. The clicker score will be recorded on the paper after each round. The winner will be the fighter with the highest scoring over the three rounds.

It is mandatory if no digital system is available for all judges to use clickers in Continental and World Championships. At the end of the match, the judge will sum the total points given and name the winning fighter who has the larger number of points. The judge must make a circle around the fighter's name.

- Punch to the body or head = 1 Click
- Kick to the thigh, body or head = 1 Click
- Foot sweeps leading the opponent to touch the floor with any part of the body apart from feet = 1 Click
- Jumping kicks to the body or head = 1 Click

#### **In case of a draw (Clickers/Scorecard).**

If the match ends in a draw (equal points after 3 rounds), to determine a winner, a judge has to take into consideration the remarks on the WAKO scorecard in appropriate order:

- Better in the last round.
- More active.
- More kicks.
- Better defence.
- Better style and techniques.

**Victory must go to the fighter who scored the most points in the last round.**

## **WAKO Rules Ring Sports Low**

### **Art. 5.6 Directive 4 – Penalty.**

- First Violation - Official Warning.
- Second Violation - Official Warning Award penalty point -1.
- Third Violation - Official Warning Award penalty point -1.
- Fourth Violation - Disqualification.

### **Art. 5.7 Criteria for minus points.**

- Unclean fighting style.
- Constant clinching.
- Constant and continuous ducking, turning of the back.
- Too few foot techniques.
- Official warning given before any serious violation of the rules.

#### **Art. 5.7.1 Offences.**

A fighter who does not obey the Referee's orders, who violates regulations, who demonstrates unsportsmanlike behaviour or who commits offences, can receive a caution, warning or be disqualified by a Referee without an official warning. Only **4** official warnings can be given to a fighter in the course of the entire bout. The **forth** warning will mean automatic **DISQUALIFICATION (the procedure starts from official warning, first minus point, second minus point, forth official warning and consequent disqualification of the fighter)**.

#### **Art. 5.7.2 Warnings given to the second count against the kickboxer.**

A Referee may, without stopping the fight, give a caution to a kickboxer at any moment. If they want to give a warning to a kickboxer, they will stop the fight and announce the offence. The Referee after two verbal warnings has right to punish the kickboxer if the coach/second does not obey his orders. They will show it to the three judges, pointing with their finger to the kickboxer at fault (only when clickers system is used). The Referee shows it to the Chief Referee of the ring and timekeeper who has to put it in the electronic system (only when electronic system is used).

A third caution for the same foul will lead to the last verbal warning. In order to do this the Referee must stop the bout, but not the time, and explain clearly the violation of the rules facing the offender. After the last verbal warning the Referee obliged to give the official warning. In order to do this the Referee must stop the bout and the time and put the opponent to the neutral corner.

#### **The following actions are considered fouls:**

### **Art. 6. On the floor.**

- If they touch the floor with a part of their body other than their feet following a blow or series of blows.
- If they hopelessly hang on the ropes after a blow or a series of blows.

- If, after a violent blow, they have not fallen to the floor or into the ropes, but is in a state of semi-consciousness and, in the Referees opinion, not able to continue fighting.
- In the case of a KD, the Referee must immediately start counting out the seconds. When a kickboxer is on the floor, their opponent must instantly go to the neutral corner, shown by the Referee. They will only continue the fight with their fallen opponent when the latter has risen and when the Referee ordered the continuation of fighting.
- If the opponent does not go to the neutral corner following the Referees order, the Referee will stop the count until their order is executed. The count will then be continued where it was left.
- When a kickboxer is on the floor, the Referee will count from 1 to 10 with a second interval between each number, and will indicate each second with their fingers so that the fallen kickboxer knows how many seconds have already been counted. One second must pass from the moment the kickboxer falls down to the start of the count.
- When a kickboxer is on the floor due to a blow, the fight will not continue before the Referee has counted to 8, even if the kickboxer is ready to continue the fight before that time. If the kickboxer doesn't raise their hands the Referee will continue to count until "10", the round will be finished and a KO declared.
- If a kickboxer is on the floor at the end of a round, the Referee will continue the count even if the bell rings. If the Referee counts to 10, the kickboxer will be declared loser via KO.
- If a kickboxer is on the floor after having received a blow and the fight continues after the count out of 8 seconds, but the kickboxer falls back on the floor without receiving another blow, the Referee will resume the count, starting at 8.
- If both kickboxer's fall at the same time, the count will continue on as long as one of them is still on the floor. If they both remain on the floor after 10 seconds, the bout will be stopped and decision given, considering the points granted before the KO. Nevertheless, this winner will be suspended from further participation in this tournament because of the KO and in accordance with WAKO Rules.

A quarantine period means that a kickboxer cannot take part in any competition in kickboxing no matter what the discipline is. The quarantine periods are "minimum period" and cannot be overruled even though a head scan shows no visible injuries.

The Referee will tell judges to mark KO, RSC-H or RSC on their score sheets, when they have stopped the bout due to the kickboxer's inability to resume the fight because of head blows. The same has to be reported by the Chief Referee on duty in that ring on the fighter's WAKO SPORT PASS. This is also the official result of the fight and it cannot be overruled.

Before resuming kickboxing after a ban, as described in the above paragraphs, a Kickboxer will, after a special medical examination, have to be declared fit to take part in competition by a sports doctor.

When registered a KO or RSC-H a kickboxer must get a CT-Scan of the head.
